CONSISTENT
QUALITY**

ADVANTAGES:

The Ultimate Coating System for Roads, Streets, & Other Pavement Surfaces.

Liquid Road Ultra is a polymer-modified, fiber reinforced asphalt emulsion coating that is factory blended with specially graded aggregate and applied to the road surface. The result is a highly durable, slip-resistant surface treatment that greatly extends pavement service life. Liquid Road Ultra is cost-effective and easy to apply with minimal impact on traffic flow.

LIQUID ROAD ULTRA PROTECTS PAVEMENT AGAINST:

CHEMICALS

MOISTURE

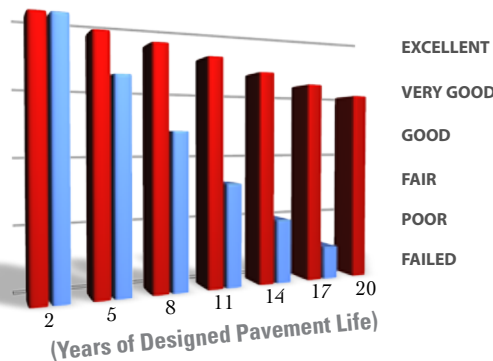

OXIDATION

- A** - An Economical Approach to Pavement Maintenance. A systematic program of maintaining pavement with Liquid Road Ultra will more than double the service life of pavement at a fraction of the cost of repaving.
- B** - A tough, durable aggregate-filled bituminous surface coating provides skid resistance and lasting protection. Provides a deep rich "like new" black appearance.
- C** - Enhanced Traffic Marking visibility for added driver safety.
- D** - Deep black color melts snow and ice significantly faster than untreated pavement.
- E** - Produces an even textured surface with no loose stones, making it ideal for vehicle, bicycle and pedestrian traffic.
- F** - Fast, efficient application process with minimal impact on traffic flow.

*** FACTORY BLENDED FOR CONSISTENT QUALITY ON EVERY JOB.**

■ Liquid Road ■ No Scheduled Maintenance

(Pavement Condition)

LIQUID ROAD ULTRA USES...

- Low Traffic Roads & Streets
- Homeowner Associations and Gated Communities
- Parking Lots
- Airport Taxiways
- Highway Shoulders
- Other pavements where a premium surface treatment is desired

MAINTAINING THE WORLD'S PAVEMENT

A TRADITION OF QUALITY & INNOVATION...

For over 40 years, property owners and government agencies have turned to SealMaster for innovative, cost-effective pavement maintenance solutions. With over One Billion gallons of coatings applied world-wide, SealMaster continues the tradition of innovation with Liquid Road Premium Surface Coating.

PROFESSIONAL SERVICE...

SealMaster has the industry's largest network of professionally trained pavement maintenance contractors to assure successful results at competitive prices. Our network of highly trained and experienced professionals are available to provide on-site project recommendations as well as full application services to assure quality results on every project.

A GLOBAL LEADER...

With over 65 Manufacturing and Distribution centers coast to coast along with manufacturing and product distribution in over 50 countries, SealMaster continues to be a global leader in pavement maintenance. SealMaster's unparalleled record of technological advances in both product and application equipment continues to set us apart as a true industry leader.
