

## CUSTOM TRUCK MOUNTING

TRUCK MOUNTED SPRAYMASTER TANKS  
FROM 575 TO 2000 GALLON CAPACITIES

DESIGNED TO MIX AND APPLY PAVEMENT SEALERS  
WITH OR WITHOUT SAND

**Custom Truck Mounting begins with the selection of a SprayMaster™ Tank with one of the following material pump systems:**

- Pro-Air System [2" discharge material pump]
- Maxx-Air System [2" discharge material pump]
- SandPumper™ II Hydraulic System [2" discharge material pump]

PRODUCT #	DESCRIPTION
E4100	Custom Mounting: Consists of fabricating a flatbed with fenders onto a truck chassis. The SprayMaster unit is custom mounted to flatbed.

## LIQUID ROAD EXTENDABLE DRAG BOX

Designed for heavy bodied sealants with large amounts of aggregate. It extends hydraulically from its closed position of 8' to a maximum of 12' wide. The screed is a combination of squeegee rubbers and brushes. Included with the screed is a truck mounting bracket, hydraulic lift cylinder, and a hydraulic control valve.

### TRUCK MOUNT SIZES:

TANK SIZE (gallons)	PAYLOAD (pounds)	CAB TO AXLE
575	10,000	110"
750	13,000	110"
1,000	17,000	110"
